The Sussex Range Flush Windows

The Sussex Range Flush Sash windows provide a sophisticated and classic look, with openers that seamlessly close into the frame for a smooth, flush finish. For those who seek modern functionality but prefer the aesthetic of timber flush windows, our innovative alternative is perfect. These windows, designed to be virtually maintenance-free, draw inspiration from traditional styles and serve as a striking feature in any home.

Features:

Sleek Flush Design: Openers close inline with the frame externally, creating a smooth, flat surface. Clean lines and minimalist appearance for a modern yet classic look.

Traditional Aesthetic: Designed to mimic the appearance of traditional timber windows. Ideal for preserving the character of period properties or adding charm to contemporary homes.

Low Maintenance: Constructed from durable, weather-resistant materials that require minimal upkeep. No need for regular painting or varnishing like traditional timber.

Energy Efficiency: Multi-chambered frames and high-performance glazing provide excellent thermal insulation. Helps to reduce energy bills and keep your home comfortable year-round.

Enhanced Security: Equipped with advanced locking mechanisms to ensure maximum security.

Customisable Options: Available in a range of colours, finishes, and styles to match any home décor. Choice of glazing options, including frosted glass.

Noise Reduction: High-quality glazing options help to minimise outside noise. Creates a quieter, more peaceful living environment.

Superior Craftsmanship: Manufactured to the highest standards for durability and performance. Attention to detail ensures a beautiful finish and reliable operation.

Fully Mechanical Flush Sash

Flush sash windows can be made with fully mechanical outer frames and sashes. These windows offer an authentic replication of traditional timber window construction. Flush Sash windows provide the timeless elegance and classic charm of wooden windows, while delivering the modern benefits of advanced materials and technology.

Ideal for heritage properties or those seeking to add a touch of vintage sophistication to their home.
